Message from the Financial Director 2021

Dear members of IOV World:

Happy new year!

The IOV Board of Directors wishes you a prosperous and healthy year ahead.

We are committed to making 2021 another successful year and we are looking forward to hopefully welcoming all of you in an upcoming annual meeting.

It must be clear that we cannot do our important tasks or carry on the mission of IOV without the payments of the membership fees. Therefore, we kindly ask you to transfer your contributions for the year 2021 to one of our bank accounts as soon as possible.

For more details on the payment-options, visit: <http://www.iov.world>.

Note that if you are a member of a national section, you can transfer your payment to that national section.

In case there is no national section in your country you can transfer it directly to the treasurer of IOV world via one of the options listed on our website.

Last year, we introduced the **SENATORS Membership**. This special membership gives you the status of Senator IOV.

We have compiled a beautiful Senators package for these special members.

This package includes a distinguished certificate and some other nice gifts and of course special treatments in our upcoming IOV- activities.

Senators will also have special reserved seats at the WGA, a VIP-dinner and a special senator's meeting with the board of directors.

The membership cost for SENATOR IOV is €1000, - Euro a year.

You can register for this or request more information from the financial director of IOV Mr. Hendrik Huijser.

We hope for another wonderful cooperation in the year 2021.

signed

Hendrik (Henk) Huijser,

Financial director IOV
